### FROM DIRECTOR'S DESK

Teaching is my passion first profession later. I got 98 out of 100 in Mathematics in 12th board. I started teaching 11 MATHS in my first year of engineering with batch of 7 students. In the last year of engineering I was teaching 40 students (11-12 Maths + AIEEE). After completing my engineering from Reputed L.D. Engineering College, I continued to teach mathematics as I was enjoying it much more. To make myself competitive, I also appeared for CAT and selected for IIM INDORE, IIM KOZHIKODE, IIM TRICHY, IIM KASHIPUR, IIM RAIPUR, IRMA, NIRMA, and PDP. I didn't waste my time joining MBA but instead that sharpened my knowledge in mathematics by teaching 11-12 MATHS along with JEE.

Dear student, set your goal as next two years of hard work is going to play a crucial role in the future life you are going to lead. If you are ready with the dream then me AMIT BAROT and the team is here to turn your dream into reality. Our conceptual teaching makes subject easy and interesting. We assure you that you will find us side by side at all stages and will cross all hurdles together to achieve success.
